A NON-PROFIT SERVING VOLUSIA SENIORS
Council on Aging of Volusia County

Serving Volusia County
Seniors since 1967.

Meals on Wheels drivers deliver
nutritious meals to homebound seniors
across the county. Over 466,800
meals were delivered during the first
12 months of the COVID-19 crisis.

OUR SERVICES

Meals on Wheels

Food continues to be the number one basic
unmet need of seniors in America. Ninety-four
percent of COA's Meals on Wheels clients live
below the poverty line, and approximately one
in four lives alone. More than 270 screened
and trained volunteers deliver nutritious
meals to local seniors. Critical wellbeing
checks and social interaction accompany each
meal delivery.

PetMeals on Wheels

Pets are often the only source of daily
companionship for many seniors, especially
those living alone. It is so important to ensure
that our elderly neighbors maintain their pets--
it's good for the seniors and good for the pets!

HOW IT HAPPENS

Volunteer Delivering Options:

Two people can drive a route together or each person can drive separate routes.

Clients on a Route: 3-13

What You Will Carry:

Driving route instructions and two large totes that store the hot and cold meals you deliver. Both are small enough to fit in the back seat of your vehicle. Sometimes there are clients who may receive a small box instead of a cold meal.
