Pet Needs

Pets pick up on our emotions, try and stay calm at all times!

Carrier-Large enough for pet to turn around in

Leash-collars and harness-pet must be on at all times.

Food and Water-enough for 5-7 days. Water 1/2 gallon per pet per day. Make sure you have bowls. Keep in water proof container. Manual can opener if needed.

Proof of Vaccines-Rabies and Distemper required. Flu and Bordatella also very important with multiple pets in confined areas. Keep in waterproof bag.

Medications-Must have at least a weeks worth (Heart, Skin, Allergies, Calming medications)

City License and Microchip-Having pet microchipped greatly increases thier chance at getting home if they become lost or seperated from you. Also have a photo of pet with you. Always keep information current.

Don't forget to bring litter for cats and plastic bags for disposal of pet's feces, cleaning wipes, and blankets or toys that may calm them.
